July 2019

St. John's Episcopal Church

From the  
**Rector**

*"And I ask him with both feet planted firmly on love, you'll be able to take in with all followers of Jesus the extravagant dimensions of Christ's love. Reach out and experience the breadth! Test its length! Plumb the depths! Rise to the heights! Live full lives, full in the fullness of God."*

Ephesians 3: 17-19

It is July and congregations tend to go into summer mode, slowing down the pace from a hectic program year. St. John's is no exception. With vacations coming and opportunities to take to the shore and the fish biting at the same time, it becomes challenging to squeeze it all into a weekend when including worship into your schedule. I, too, am looking forward to slowing down; however, in this down time, the vestry and I – and others are dreaming up God's future for St. John's in the coming years.

Help me with this: What sort of congregation are we? What is our mission? What is it that we treasure about our church home and what are the non-negotiable, timeless values that are unique to our place in St. John's history? These sorts of questions we must wrestle with for us to renew our life together and forge a future that God has laid out before us.

God is growing our church. Can you sense something new on the way? It is easy to become discouraged and give up. You don't need a ton of proof to know that more and more congregations are struggling to survive. It seems churches that are in this predicament have one of two options: revive or die. There are a lot of books, seminars, and workshops given on how to go about reviving a church. However, there is not one cookie cutter, fool-proof plan to go about it. St. John's is unique and has gifts that require a custom approach to widening the fellowship of our church home.

This summer, we begin to customize our plans. On July 6, the vestry will be in day-long retreat with the Diocesan Canon for Congregational Development, The Rev. Dr. Rob Droste. "As someone who was a parish priest for 14 years," Rob says, "I know how challenging it can be to grow a congregation. Sometimes even the best efforts don't produce the outcomes we had hoped for. The work can be quite discouraging at times. There's no silver bullet or magic wand to wave. Still, even the most challenged congregation can find new joy, energy, and passion in its Christian journey." With his help, we hope to rediscover what God is up to here in Salem and find our place in that work while making disciples of our Lord Jesus.

Jesus says in Matthew 6:33 to "seek first God's Kingdom" and everything else will be provided for. Before I buy another book, or attend a church growth conference, or start taking up pews, or rearranging our worship space, or changing the style of music; know that I am praying. I am asking God to make it plain what it is we are to do. I have been doing research. I have discovered some suggestions I would like you to consider. But it is you, my sisters and brothers, who must trust me and each other enough to remain faithful to the faithfulness of God to provide. Rectors and Deacons come and go, but it is you that make up the identity, flavor, and ultimately, affect the future direction of St. John's.

In my short time as rector, I have reflected. Here's what I would like us to consider. I want to hear your reactions:

1. We need to figure out who we are. We need to know what we want to become. I believe we attract people

for who we are rather than who we want to bring in. Visitors can tell if we are not being authentic to who we really are.

2. Everything is outreach and evangelism. We must reengage with our community and discover a strategy for outreach and evangelism through building relationships. This means everything we do is about reaching out to our community in the hopes to make connections. In the doing, with God's help and the presence of the Holy Spirit, disciples of Jesus are made.
3. The well-being of the congregation is paramount to the growth of the church. The unity of our purpose, shown in our purity in affection and outwardly caring for one another, attracts others like a warm fire does on a cold night. Every member of St. John's needs to be engaged in participation of some kind when it comes to carrying out our mission. There should be a variety of visible entry points for people to participate in, ranging from easier ones like greeting at the church door and passing out the worship bulletin on a Sunday morning, to more committed involvement like running the weekly food pantry program or leading in Sunday worship. This means that the leadership of our church needs to keep their pulse on the congregation. What are the interests, needs, desires, and challenges among us? Who is in pain? Who has been hurt? Who needs to reconcile with their neighbor?
4. Be prepared. Outreach and evangelism are not effective unless the structure of the church supports outreach efforts. Is St. John's ready for families with children and babies? Do we have ministries and mechanisms in place to anticipate needs of young families? What if we spent less time on doing business and more time is spent on actual dreaming, planning, and implementing outreach and evangelism? Imagine where God can take us!
5. The main thing is always the main thing. Mission is the main thing. When asking a random church member, they should be able to say in a few short sentences what the mission of the church is. The mission should be on everything: walls, website, newsletter, bulletin, etc. The mission should visibly, obviously, and devoutly be evident and financially accountable to and in all ministries of St. John's

I love our church home. God has such wonderful things ahead of us and is already blessing us through our growing congregation and love for one another. I pray that you have a restful summer. As you relax, ponder where God is calling you in this new thing at St. John's.

Don't forget sunscreen!

Your brother,  
**Fr. Chuck**

## ROAD CONSTRUCTION AHEAD

For anyone who travels between Woodstown and Salem, be advised that Route 45 at the Salem-Mannington Bridge will be CLOSED, beginning on or about July 8, for approximately 2 weeks.

The road will be closed to all traffic in the area. The road will be blocked from Bypass Road (just past the hospital entrance) to Grant & Market Street. Local traffic will be able to access all homes and local businesses in the closed area. Plan accordingly.

### ***Praising God Through Dance/Movement: An Introduction to Liturgical Dance***

“Let them praise His name in the

dance: let them sing praises unto Him with the timbrel and harp.” Psalm 149:3

I am thrilled to introduce liturgical dance to our St. John’s Church community! It has been such a blessing and gift to work with the Bailey Family in creating dances to share in our special services. I am thankful for Fr. Chuck’s support of incorporating liturgical dance into our services! These services have included the Christmas Pageant, Easter Sunday, and St. John’s Day. We were so blessed last Sunday in celebration of St. John’s Day to have Quinton Lewis share a gorgeous rendition of “Blessings” as Emma and Eleanor Bailey danced so beautifully in their creative expression to God! A special thank you to Ryan Bailey for sharing spoken word through Psalm 27:13.

We look forward to creating more choreography to share with our church family! We also look forward to sharing our dance ministry at various locations within the community as a form of outreach. If anyone would like to participate and join our dance ministry, please let me know! We would be thrilled to have you join us! All are welcome!

As liturgical dance is a new art form within the St. John’s Church community, I wanted to share some information and history related to it. Thank you for your interest and support. It’s very much appreciated!

“A time to weep and a time to laugh; a time to mourn and a time to dance.” Ecclesiastes 3

Liturgical dance is a dance/movement expression of praise and worship that is incorporated into liturgies and church services. It is shared in a variety of denominations, religions, and faiths. Liturgical dance dates back to ancient times as it was often expressed through traditional folk dancing.

Music or song is used as a supportive means of expression in this art form. Spoken word is often used through psalms and lessons. The choreography is specifically geared to be a response to the lyrics of the selected song or hymn or to the spoken word. This is described as an emotional interpretation that is expressed through dance/movement. Props such as scarves are often utilized. Banners and flags are also incorporated in some dances. Liturgical dance is believed to

enhance and deepen the experience that an individual has through prayer or worship. Unlike other dance forms, the use of liturgical dance in worship is not regarded as a performance, but instead referred to as a ministry. Often liturgical dancers experience their dance and creative expression as a gift to God.

This type of dance is a form of prayer, praise, and ability to translate the message from God through movement. It is often highly emotional and powerful. It can increase one’s connection to God and enhance their personal relationship with him. It is inspiring and reflective in nature. Typically, dances are choreographed and rehearsed, although they can be demonstrated through improvisation. Liturgical dance is very inclusive and is open to anyone and everyone!

“And David danced before the Lord with all his might; and David was girded with a linen ephod.” Samuel 6:14

*Many Blessings,  
Amy Vanderveer*

June was a bad month for storms. We had 2 major storms.

- The first storm caused some major electrical problems. The fire system went out and it caused computer and phone issues in the Parish Hall.
- The second storm was worse. There were 60-70 MPH straight line winds during the storm. A tree in front of the church on the sidewalk side, split. It fell on the iron fence, hitting a small cherry tree, that was damaged. Both trees were cut down. About 40 feet of fence is bent and pushed down towards the side driveway. Next, a heavy electrical surge of electric went through the church and chapel. One of the breakers for an air conditioning unit went out. The organ surge protector was burned out. I had the protector installed last year to protect our organ, so the organ is fine. A part on the organ, a drive unit, does need to be checked out, but without the surge protector, the damage to the organ would have been much worse. We also lost a number of small sticks and branches.
- Also, in the electrical inspection, our alarm system is down. We are waiting for a new panel that was damaged during the high voltage spikes.
- Our new stove has been ordered. It is a Vulcan 10 burner, 2 oven gas stove. The vestry has approved the funds and it should be delivered by mid-July.
- New bushes have been planted in the cemetery around the fence line from the chapel to the garage. It is a job well done. Check it out on your next visit. Thanks to Bill Pankonien for managing this project

## Wrap-Up

Thanks to everyone who helped organize, set-up, serve and clean up at our St. John's Day Picnic. Many hands make light work and it was much appreciated by all who attended! Special Thanks to Father Chuck for ordering the chicken and Curt Harker for running to Swedesboro to pick it up.

It was a beautiful day to eat outside.

Our youngest members enjoying the picnic!

### Reflections from Ann

by Ann Neff

CONGRATULATIONS on an INCREDIBLE! St. John's Day Picnic.

I would like to commend all who were involved in the set-up, and preparation, who made contributions of food, helped serve, stuck around for clean-up and break down, as well as those who came to enjoy the food and fellowship and sit around and chat, run around outside, or climb the tree. Including thanks to Gary and Sheila for coming over from next door.

It was the best Parish Picnic I have attended in recent memory! The weather was wonderful; folks were inside and outside and in between. The food, as usual, was plentiful and delicious, including the excellent Chicken ordered by Father Chuck from Rode's!

The kids ran around and played with games and each other and helped out. Bravas and Bravos to those in the kitchen and folks who lugged chairs and tables and cloths and trash out and in.

Phew! But it was truly a grand picnic, and in my opinion, how it should be!

"I have therefore whereof I may glory through Jesus Christ in those things which pertain to God. For I will not dare to speak of any of those things which Christ hath not wrought by me, to make the Gentiles obedient, by word and deed, Through mighty signs and wonders, by the power of the Spirit of God; so that from Jerusalem, and round about unto Illyricum, I have fully preached the gospel of Christ."-Saint Paul in his Epistle to the New Christians in The Church at Rome, Chapter Fifteen, verses Seventeen through Nineteen, King James Authorized Version of A.D. 1611.

Our pilgrim path this month leads us, in St. Paul's footsteps, to the ancient land of Illyricum, known for most of our own lifetimes' as Yugoslavia. In Classical Antiquity the area of the Western Balkan Peninsula was called Illyria (Ancient Greek: Ἰλλυρία, Illyria or Ἰλλυρίς, Illyris; Latin: Illyria, also: Illyricum as in the above quotation from St. Paul) The Illyrians were an ancient tribal people whose culture dates from the 8th Century Before Christ. In 168 B.C. The Romans defeated Gentius, the last King of the Illyrians at Scodra, which was to become capitol city of their new Province of Illyricum to which St. Paul carried The Gospel in the First Century A.D. making them among the first nations converted. The region was to become an epicenter of global affairs, forming a convergence in the "great earth island" of the connected continents of Europe, Africa and Asia.

Following the division of the Old Roman Empire into East and West, Illyria came under papal vicars appointed from Thessalonica, a Greek Orthodox Metropolitan See, Ἱερά Μητρόπολις Θεσσαλονίκης. However in A.D. 515, forty bishops of Illyria declared their allegiance to The Pope of Rome & the country remained Roman through the Eighth Century when Orthodoxy was again consolidated through today, with not infrequent contestation from the Western Rite or Latin Christianity and the Ottoman Turkish Caliphate. These conflicts all continue in various ways through the present day.

Illyria is a crossroads and Christian treasure from the time of St. Paul through the present century. In 1914 Sarajevo, in the Northern parts of Old Illyricum, was the site of the assassination of Archduke Franz Ferdinand of Austria, which precipitated events leading to outbreak of The Great War or WWI, The War to End All Wars. Austria bombarded Belgrade in July and by August the powers of Europe were mobilizing their forces. In between the first and last centuries, Illyria and the Balkan Peninsula was subject to multiple conflicts which are of great importance to the course of human history. We join the good people of Eastern Europe and the world, in praying for the peace of this land, a treasure of Christian Antiquity.

Your prayers are requested for the Soldiers and Families of New Jersey's Own 44th Infantry Brigade Combat Team, presently on mission in the Middle East, Europe and Africa.

"Non nobis, Domine, non nobis; sed nomine tuo da gloriam".  
"Not unto us, Oh Lord, not unto us, but unto Thy Name give the glory" PS 115:1

## Stephanie's Summertime Tips

by Stephanie Shaw

Summertime is a time when everyone is taking vacations, swimming and spending a lot of time outdoors. It is also a time when people often forget some of the very basic personal care steps to avoid heat and sun related illnesses. Here are a few steps to take this summer to beat the heat!

1. Hydration-for every hour in the sun you should drink at least 8 oz of water or sports drinks.
2. Skin care-SUNBLOCK The best SPF to use for most people is SPF 30 or higher. Young children should be using SPF 80 or higher. Reapply every 4 hours. If you get sunburnt, you can ease the discomfort at home with a cool shower and applying aloe.
3. Watch for signs of heat exhaustion. Most common signs are dizziness, headache, dark urine, confusion, cramps, and nausea or vomiting.
4. Check on the older people in your community. They are at a higher risk of heat exhaustion and heat stroke.
5. Signs of heat stroke: Fainting; lack of sweating; shallow breathing; red, dry, skin; seizure; loss of consciousness; disorientation. If someone you know is experiencing these symptoms, SEEK HELP IMMEDIATELY! Most people think it is best to drink something ice cold when heat related illnesses happen, but it is actually a bad idea, as it can cause the body to go into shock. It's best to start with room temperature drinks and to get out of the heat.

Some easy ways to stay cool this summer: drink cool beverages; put cool washcloth on neck and face; enjoy frozen popsicles; go swimming; wear loose clothing; avoid dark colors; use fans; use an umbrella while outdoors. These are just a few of the ways to help avoid heat related illnesses.

Have a great summer everyone!

### Summer Recipe Lemon Butter

This is an old family recipe that always makes an appearance at our picnic table. It is eaten as a side dish like applesauce. It is a rite of passage for the babies in our family to get a taste of it at their first picnic.

*Eileen Miller*

- 2 lemons, rind (zest) and juice
- 2 cups sugar
- 2 tablespoons cornstarch
- 3 eggs, beaten
- 2 cups water
- 1 well rounded tablespoon butter

Combine all ingredients (I whisk the sugar and cornstarch together first, then add the rest). Cook very slowly over low heat until thickened. Pour into a glass dish and let cool, then cover and refrigerate.

### Recipe

### Egg & Cheese Muffins

This is the recipe I use every week. You can customize it according to what you have on hand or what your family likes.

- 1 dozen eggs
- 3/4-1 cup chopped or grated vegetables
- 3/4-1 cup meat, precooked (bacon, sausage, ham)
- 1 cup shredded cheese (cheddar, swiss, Colby jack)
- Salt & Pepper, to taste
- Optional: chopped chives, Italian seasoning, other herbs & spices

Preheat oven to 350°.

Beat the eggs with a whisk. Add the seasonings you chose. Stir in veggies, meat & cheese. Grease a 12-cup muffin tin. Fill 3/4 full with egg mixture. Bake at 350° for 15-20 minutes or until a toothpick comes out clean. Can be eaten warm or room temperature. Can be refrigerated up to as week and reheated in the microwave.

You can use any combination of vegetables that your family likes. I especially like them with spinach, zucchini, carrots, tomatoes, or onions. To customize them further, instead of adding the veggies and meat to the egg mixture, place a tablespoon of each in the muffin cups, then add the egg mixture.
